SIGMA MAN CELEBRATES 100th BIRTHDAY

Bro. Henry Heath

January 20, 2012 marked a historic milestone for one of Sigma's own, Bro. Henry Heath. On this date, Bro. Heath became a centurion, as he observed his 100th birthday.

Bro. Heath, who became a Sigma in 1947 through the Alpha Epsilon chapter, Johnson C. Smith University, currently resides in Charlotte, NC, and is a current member of the Beta Rho Sigma chapter.

The Charlotte Alumni chapter observed Bro. Heath's birthday during its 2012 Founders Day program. There, Bro. Patricke Ward, chapter President, presented him with his 2012 membership card. Bro. Heath's dues were paid by the chapter, for it realized the importance of his 100th year being one as a financially active Sigma man. Also, during the program, Quentin Goodwin, Southeastern Regional Director, presented Bro. Heath an official resolution from the International Headquarters observing his historic milestone. The official resolution is stored at the headquarters building in Washington, DC.

Bro. Heath was born in Chester, SC on January 20, 1912. He later moved to Charlotte, NC and, after a time of military service, enrolled in Johnson C. Smith University. Upon graduation, he excelled in the field of education, serving as a teacher and administrator.

Even in his latter years, Bro. Heath maintains an active and vigorous lifestyle. He is a member of Simpson-Gillespie United Methodist Church, where he continues to serve on the men's choir, Sunday School staff, and Poet Laureate.

The Southeastern Region of Phi Beta Sigma is proud to recognize Bro. Henry Heath on his 100th birthday, and wish him all the best as he continues to inspire others with his life of service.

If you would like to send note of greetings or a birthday card to Bro. Heath, please contact Regional Director Goodwin for his mailing address.

Chapters Encouraged to Participate in the 2012 March For Babies

working together for stronger, healthier babies

2012 marks another year of Phi Beta Sigma's international partnership with the March of Dimes. Chapters and brothers around the world rev up their fundraising efforts to benefit this worthwhile organization committed to promote strong and health babies.

Hon. Bro. Jimmy Hammock, International President, has charged each region to raise \$15,000 this year to support the March of Dimes. Each region achieving this goal would improve Sigma's fundraising standing among the Divine Nine organizations.

Chapters are encouraged to support this effort by participating in a 2012 March For Babies walk in their area. Chapters should sign up a team of brothers to raise funds for this signature event. In 2011, the March of Dimes reported that chapters in the Southeastern Region raised approximately \$3,200 through the March for Babies—excluding corporate matches. This amount is low, but because some chapters did not include 'Phi Beta Sigma' in its name, the donations were not included as part of the Fraternity's total giving.

To sign up for a team, a chapter should log on to www.marchforbabies.org, then search for a walk nearest to its location. Phi Beta Sigma to receive full credit for donations, chapters should name its teams under Phi Beta Sigma. For example, instead of "Phi Sigma", the chapter should be named "Phi Beta Sigma – Phi Sigma".

Crystal Hummer, Executive Director, Pee Dee Division, South Carolina Chapter of the March of Dimes, will be available during the 2012 Southeastern Regional Conference to assist chapters in registering teams for the March for Babies. Brothers, let us put our best foot forward to reach our \$15,000 goal this year!

SOUTHEASTERN REGION LAUNCHES SMARTPHONE APP

In February 2012, the Southeastern Region launched a new mobile app for Android and iPhone smart phones. This app was designed as an easily assessable vehicle for brothers to use to communicate with the State and Regional leadership, as well as the International Headquarters office. Also, the app provides information on various events occurring throughout the Southeastern Region.

Quentin Goodwin, Regional Director, sees the potential for this app to be a powerful tool in improving customer service to the brotherhood and facilitating reactivation efforts as we approach our centennial celebration. Within the next few months, the app designer, will download contact information for the alumni and local chapters in the region. This will allow brothers to directly contact and learn of events and issues in their local chapter.

As of March 16, over 100 android phone users have downloaded the app. Also, through the app, over 10 brothers have submitted interest in reactivating into the Fraternity.

To download the PBS SE Region app on Android phones, visit <http://market.android.com/details?id=com.appsbar.PBSSERegion65421>

To download the PBS SE Region App on iPhones, visit <http://appsbar.mobi/9796f2>

Brothers can also visit their app store to directly download. The best search entry is "PBS SE". For more information, or to assist in updating and enhancing the app, please contact Regional Director Goodwin.

My Brothers....Thank You!!!

Brother Quentin Goodwin
Southeastern Regional Director

Brothers,

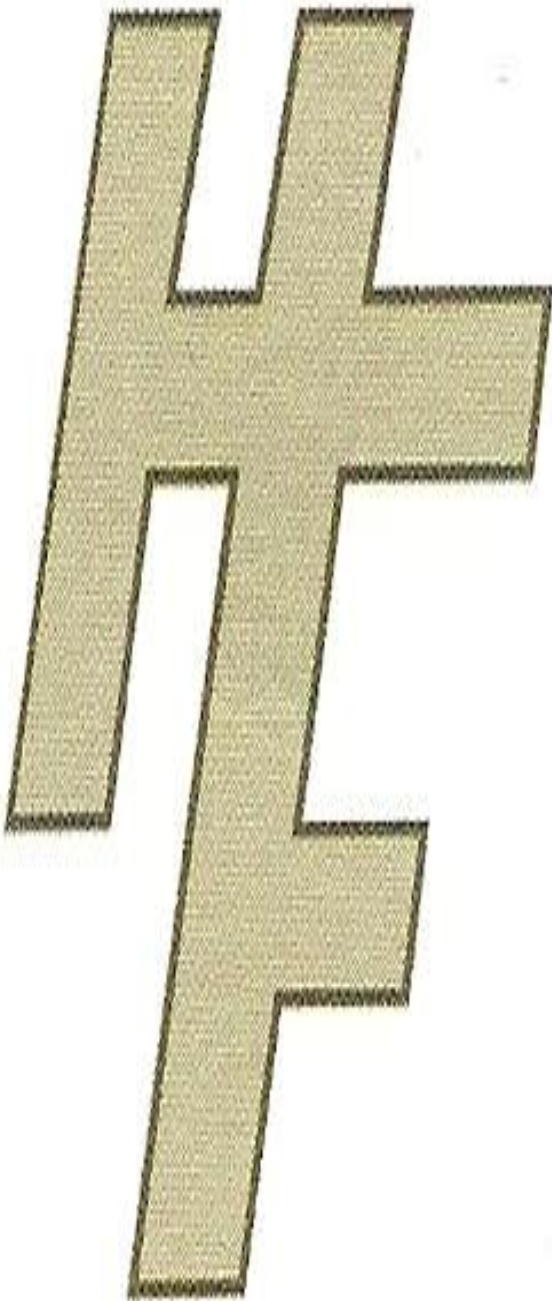

Thank you for all the support and encouragement you provided to me during my four years as your Southeastern Regional Director. Due to your efforts, the Southeastern Region has realized tremendous growth in membership and chapter development. Additionally, the region has stabilized its financial operations, and developed policies to assist in effective operations. More importantly, the region has established communication tools that makes it easier for you to gain access to your international and regional leadership.

Though we did not meet 100% of the goals I set during my initial campaign, I am proud of the accomplishments that we did realize during my administration. Believe me, these accomplishments could not have been made without your prayers, support, and effort.

I look forward to the new administration that will lead our region into the 2014 Centennial, and I commit my full support of the 18th Regional Director.

May God continue to bless Phi Beta Sigma and the Southeastern Region!
